

PRESS RELEASE

COVID-19

March 24, 2020 – 5pm

There continues to be NO confirmed cases of COVID-19 in Barton County at this time.

Per KDHE (Kansas Department of Health and Environment), there are 98 confirmed cases in the State of Kansas and 2,086 total negative cases as of 11 am today.

For more information, please visit the KDHE website at:

<https://govstatus.egov.com/coronavirus>

Access to Barton County buildings is closed to the public. Please call the county office you wish to transact business with for more information. You can also visit www.bartoncounty.org for more information and instruction on how to conduct business with the County during this time.

Please practice good hygiene and maintain social distancing by using the County's online functions, emailing or calling ahead for assistance.

We will continue to provide further information as it becomes available.
